Breathe In

Lucie Silvas

Feel like I'm dragging you down a one way street
I don't know which ways up
All I ask of you is to stay on your feet
That should be enough
If we stand around it could pass us by
We could give up now and never even tryTo breathe in life and breathe out
Like tomorrow is today
Breathe in life and breathe out
It's not so long to wait
Breathe in life and breathe out
Wipe the dust from your sweet smile
And breathe in lifeI just want something real I can hold onto
I believe it's near
Life's too short to never know the truth
Maybe it's already here
We could throw ourselves into the fire
We could give up now and never even tryTo breathe in life and breathe out
Like tomorrow is today
Breathe in life and breathe out
It's not so long to wait
Breathe in life and breathe out
Wipe the dust from your sweet smile
And breathe in lifeWe're chasing something we've dreamed of
(Is not always out of reach)
It's never far away from us
('Cause I believe that)To breathe in life and breathe out
Like tomorrow is today
Breathe in life and breathe out
It's not so long to wait
Breathe in life and breathe out
Wipe the dust from your sweet smile
An breathe in lifeBreathe in life and breathe out
Ooh, ooh, no, yeah, yeah, yeah
Breathe in life and breathe out
And it's not so long to wait
Breathe in life and breathe out
Wipe the dust from your sweet smile
And breathe in lifeOoh, ohh, no, oh, ooh ohh
And breathe in life

Ooh, oh
And breathe in life
