Sway Sway Baby

Short Stack

Reach for the stars, kid
I've been wondering
Heaven's not too far, kid
We've been tumbling
Down, down, baby, it's just so audio.
But I'm a gentleman, I'm such a gentleman.
We keep in time, kid
You're so into it
But if you were mine, kid
We'd be intimate
Oh, these razors ain't your roses
But I'm a gentleman
I'm such a gentleman
Sway sway baby, it's just so audio
Kill your boyfriend, we could be together
Oh, sway sway baby tonight
Maybe tonight you'll write back to my letters home
Oh, we'll never let go
Oh, we'll never let go
Oh, we'll never let
We're torn apart, kid
Tearing to the beat
Lovers to the bone, kid
You said no no no
No, these razors ain't your roses
But I'm a gentleman (I'm such a gentleman)
Sway sway baby, it's just so audio
Kill your boyfriend, we could be together
Oh, sway sway baby tonight
Maybe tonight you'll write back to my letters
Sway sway baby, it's just so audio

Kill your boyfriend, I'm such a gentleman
Sway sway baby tonight
Maybe tonight you'll write back to my letters home
Cause I insist this secret liquid shared between us just to skip this secret through our throat
(Oh oh)
Secrets down our throat
(Whoa oh)

Yeah, I insist this secret liquid shared between us just to skip this secret down our throat
(Oh oh)
Secrets down,
well I'll never let you go
(I'm such a gentleman, I'm such a gentleman)
And I'll never let you go
(I'm such a gentleman)
Sway baby, sway baby
Oh, we'll love like hell
Sway sway baby, it's just so audio
Kill your boyfriend, we could be together
Oh, sway sway baby tonight,
Maybe tonight you'll write back to my letter
Sway sway baby, it's just so audio
Kill your boyfriend
(We could be together)
Oh, sway sway baby tonight,
Maybe tonight you'll write back to my letters home
Oh, we'll never let go,
Oh, we'll never let go,
Oh, we'll never let go,
Oh, we'll never let go,
Oh, we'll never let go,
We'll never let go
