Respect

Devour The Day

Where do I even begin
How could you do this again
You think that we would stay friends
You think you're innocent
This wasn't part of the plan
You turned your back and you ran
But what I don't understand
Is how you live with itRespect, you don't deserve it
You won't get any from me unless you earn it
Respect, you're not worth it
I'll never be, I'll never be like you
Be like youYou're like a blood-sucking leech
A parasitic disease
You only take what you need
And than you're done with it
Face it, you wasted the work that we did
You took the easy way outRespect, you don't deserve it
You won't get any from me unless you earn it
Respect, you're not worth it
I'll never be, I'll never be like youNever
Never
NeverI always knew you were a coward
I knew you were a fake, a fraud
I knew you'd run like a bitchRespect, you don't deserve it
You won't get any from me unless you earn it
Respect, you're not worth it
I'll never be, I'll never be like youRespect
Be like you
Be like you
Respect
