Sanctuary

Amebix

It's a race against time
And there's nowhere to hide
So they look for the sign
In the sky[Chorus:]
No sanctuaryBut its all a mistake
It's already too late
The key to our fate
Is insideYes it's hidden away
From the light of the day
In the minds of the
Masters of menThe damage is done
So the suffering goes on
With the aid of the
Peoples consent
