

Super Electric

Stereolab

Unexpected moments

The most inopportune

Some see the flesh before they see the bones

Some see the bones before

Before they see the flesh

Unexpected moments

The most inopportune

Some never see the bones at all

Some never see the flesh at all

Some never see the flesh at all

No, never, never flesh at all

To explain, I was made to exorcise his pain

Torn to pieces and

(Inform them)

Beyond repair

Reforging

Some at easy failure
