No Time Left

Slapshot

Time I hear the tick of the clock, tick tock
You watch the hours go by
No way it's that time already
Too late - see how time fliesTime I hear the tick of the clock, tick tock
You watch the hours go by
No way it's that time already
Too late - see how time fliesNo time left
No time left
No time left
There's no time
Left for you
Left for me
There's no time left
There's no time leftHow did things get by me
Now I'm to old to start
But what can I do about it
When can I play a partNo time left
No time left
No time left
There's no time
Left for you
Left for me
There's no time left
There's no time leftNo time left
No time left
No time left
There's no time
Left for you
Left for me
There's no time left
There's no time leftLeft for you
Left for me
There's no time left
None at all
