Daisy

Vaudeville Smash

Never gonna give you up
Never gonna let you down
Saturday I hook you up
See you chiming and fooling around
No I canâ€™t scrape you outta my brain
Seeing every little thing that you do
Never gonna give you up
Going down, down, down, down

Daisy, youâ€™re breaking me crazy
Iâ€™m calling out
Daisy, I found you then watched you girl
From the other side of town
You know youâ€™re one in a billion girl
Oh ooooo oh
If youâ€™re feeling uninspired, you can find me on the line
Itâ€™s a lonely, lonely world

Never gonna give you up
Never gonna shut me down
Every time I hook you up
On the tease, on the phone, in the round
Oh I love you like the eye in the sky
Seeing every little place that you hide
Never gonna give you up
Going down, down , down, down

Daisy, youâ€™re breaking me crazy
Iâ€™m calling out
Daisy, I found you then watched you girl
From the other side of town
You know youâ€™re one in a billion girl
Oh ooooo oh
If youâ€™re feeling uninspired, you can find me on the line
Itâ€™s a lonely, lonely world

Oooooo girl, you set me heart on fireâ€¦.

Daisy, youâ€™re breaking me crazy
Iâ€™m calling out

Daisy, I found you then watched you girl
From the other side of town
You know youâ€™re one in a billion girl
Oh ooooo oh
D-D-Daisy youâ€™re driving me wild
