## Vaudeville Smash

Never gonna give you up  
Never gonna let you down  
Saturday I hook you up  
See you chiming and fooling around  
No I can't scrape you outta my brain  
Seeing every little thing that you do  
Never gonna give you up  
Going down, down, down, down

Daisy, you're breaking me crazy  
I'm calling out  
Daisy, I found you then watched you girl  
From the other side of town  
You know you're one in a billion girl  
Oh ooooo oh  
If you're feeling uninspired, you can find me on the line  
It's a lonely, lonely world

Never gonna give you up  
Never gonna shut me down  
Every time I hook you up  
On the tease, on the phone, in the round  
Oh I love you like the eye in the sky  
Seeing every little place that you hide  
Never gonna give you up  
Going down, down , down, down

Daisy, you're breaking me crazy  
I'm calling out  
Daisy, I found you then watched you girl  
From the other side of town  
You know you're one in a billion girl  
Oh ooooo oh  
If you're feeling uninspired, you can find me on the line  
It's a lonely, lonely world

Oooooo girl, you set me heart on fire!.

Daisy, you're breaking me crazy  
I'm calling out

Daisy, I found you then watched you girl  
From the other side of town  
You know you're one in a billion girl  
Oh ooooo oh  
D-D-Daisy you're driving me wild
