

# Episode

## Gallant

So inconsistent with my passion that I threw it all out  
I took it from you  
You  
So apathetic with the forces that I burned them all out  
I took it from you, youSo when the water's rushing close  
I'll find you near the edge and save you from the meso  
Should've known you were gonna find out  
You're gonna find out butIs it worth the episode  
Is it worth the episode, oh no  
Walking through the door alone  
Is it worth the episode, oh noSo covered up in all the fire that I never looked back  
I took it from you, you  
So agitated from the shadows, can I take it all back, baby  
I took it from you, youOh, all your pretty mind wants  
Is atoms for my bones and ashes for my thoughts  
Oh, should've known you were gonna find out  
I knew you'd find out butIs it worth the episode  
Is it worth the episode, oh no  
Walking through the door alone  
Is it worth the episode, oh noShould've known you were gonna find out  
I knew you'd find out butIs it worth the episode  
Is it worth the episode, hey  
Walking through the door alone, no  
Is it worth the episode, noOh  
Oh, oh no  
Oh  
Oh, oh yeahIs it worth the episode  
Is it worth the episode, oh no  
Walking through the door alone  
Is it worth the episode, oh noShould've known you were gonna find out  
(Should've known you were gonna find out)  
Should've known you were gonna find out  
(I knew you'd find out)
