

Ring the Living Bell

Melanie

I've been celebrating
'way too long and I've been drinking I'm shamed to tell still feel thirsty
God I want to drink the water from the well still feel thirsty
God I want to drink and ring the living bell ring the bell
lah
ring the living bell.
still feel thirsty
god I want to give and ring the living bell. I'm not a magic lady
but
I wanna sing to help the light
descend on the earth today because it's gonna get dark tonight
sing for light
ah
sing for living light.
Still feel weak but
God I want to give and shine the living light. Still feel weak but
God I want to give and shine the living light.
Been walking down the street all night
and I been feeling kind of cold.
Still feel naked
God I want to be warm before I get old
and I'm cold
ah
and I'm feeling cold.
Still feel hungry
God I want to give and ring the living bell. Been celebrating 'way too long
and I have eaten much too well.
Still feel hungry
God I want to give and ring the living bell
ring the bell
lah
ring the living bell.
