

Cops Up

Lyfe Jennings

Ay yo youStill locked at the hooded spot
Still no security, still got a swagga like muh pops
Still water run deep when that coke is cheap
But when that price goes soft get ya surf boards outStill got a little pimp in me from muh past
Still got some lil cousins that'a beat yo ass
Yo I'm the only dude that you know burn the block up
So why the hell I gotta call the cops upShawty is so amazing, bodies bangin', conversation
My heart is racin' you know what I'm sayin'
Ya bodies toned up look at those big thighs
Grandmama musta been feedin' you right
Shake it to the left mama shake it to the rightSomebody call the cops up, lil mama done stole my heart
She's makin' me fall in love she's not gonna give it up
Somebody call the cops up somebody call 911
Tell 'em I been shot threw the heart a grown man and I can't get up
Somebody call the cops up
