

Cynicality

Superdrag

Cynicality couldnt comfort me again
Wanna die and, wanna die
Anne, if its you and me, its a casualty again
Wanna try and wanna try and make it happen'Cause nothings happenin'
Nothings happenin', nothings happenin'
Is this happenin? Is this happenin'?
Is this happenin'?I will not expect, it can only bring me down
Further down, yeah, further down, yeah
Youre in full effect, I can only bring you down
Turn around, yeah, turn around, yeahMake it happen
