Better Than Her

Matisse

Matisse
(What up, girl?)
I can do it better than her
I can do it better than her
I can do it better than herI'll do it better than her
I'll do it better than her
I'll do it better than herHey, Akon
I'm looking at you, I'm looking at my girl
And it's making me wanna go and question
What I'ma do with you in my world
When I just replace you with that blessingBut I don't know, I can just hear you talking
About your good sex lessons
Need you to show me that weapon
Otherwise I can just keep on steppin', girlYou hear there was a party
Tonight and I'd be here
I just saw you lookin' at me
Even though she's hereEvery time I turn around
You seem to be worried about me
(Is dat right?)
What about me?
(Is dat right, girl?)I can settle down for the things you like
I'm a girl who can take the lead
But I'm still the fall back typeGive you the space you need
Even though I can't explain
How I do the damn thang
I would put it on my life that II'll do it better than her
I'll do it better than her
I'll do it better than her
I can do it better than herI'll do it better than her
I'll do it better than her
I'll do it better than her
I can do it better than her
I can do it better thanHey, hey, hey
If you can do it better
Say hey, hey, hey
Everyone together nowHey, hey, hey
If you can do it better say
Hey, hey, hey
(Bring it down)You showed up to the party

For all the wrong reasons
She said if you look over again
That she's leavin'I don't really feel so bad
Cause I know ya better without her
(Is dat right?)
What about her?
(Is dat right, girl?)You settle down for the things you like
I'm a girl who can take the lead
But I'm still the fall back typeI'll give you what you need
And even though I can't explain
How I do the damn thang
I can show you tonightI'll do it better than her
I'll do it better than her
I'll do it better than her
I can do it better than herI'll do it better than her
I'll do it better than her
I'll do it better than her
I can do it better than her
I can do it better thanHey, hey, hey
If you can do it better
Say hey, hey, hey
Everyone together nowHey, hey, hey
If you can do it better say
Hey, hey, heyNot only did you come back
And throw that body on me
But you made my eyes see a miracle, miracle
Now I got to decide to do the right thingLike I was Spike Lee
Tell me would you allow her
To break you off
Break you offShake it on me, shake it on me
Shake it on me
Go ahead and break it on me
Girl, just make a statement on meShake it on me, shake it on me
Shake it on me
Go ahead, now break it on me
Girl, just make a statement on meHey, hey, hey
If you can do it better
Say hey, hey, hey
Everyone together nowHey, hey, hey
If you can do it better say
Hey, hey, heyI'm still better than her
I'm still better than her
(So you can do it better, girl)I'm still better than her
I'm still better than her
(So you can do it better, girl)I'm still better than her

I'm still better than her
(So you can do it better, girl)I'm still better than her
I'm still better than her
(You can do it better, girl)I'm still better than her
I'm still better than her
I'm still better than herI'm still better than her
I'm still better than her
I'm still better than her
(You can do it, better)
