

# Bridge of Death

## Manowar

Slowly crossing as the river runs below  
Never stopping for what's waiting soon will show  
And this the last time looking back I'll see my home  
For he awaits me reaching for my soul He calls my name, and waves me on  
The fallen one he stands in flame, oh Well, the life that he has given full of riches and success  
Has a price that I made good in blood to pay  
And the light he now is showing  
To guide my every footstep is insurance if I falter on my way And what God has now forsaken and man has  
never seen  
Are the riches of the underworld below  
All my years of earthly pleasures gave support unto the bridge  
I now cross it giving him my soul Dark Lord, I summon thee  
Demanding the sacred right to burn in hell  
Ride up on hells hot wind  
Face one more evil than thou Take my lustful soul, drink my blood as I drink yours  
Impale me on the horns of death  
Cut off my head release all my evil  
Lucifer is king praise Satan I know the one who waits Satan is his name  
Across the bridge of death there he stands in flame  
I know the one who waits Satan is his name  
Across the bridge of death there he stands in flame He is my provider as I walk into the void  
For eternity I give him my soul  
I shall do his bidding obey him without question  
Even walk among the living if I'm told Satan don't forsake me I wait for you to take me  
Grant me wings and as your messenger I'll fly
