## Thirteen Senses

If only there was time to say it all  
I'd say it all  
If only every sound that I make  
Said it allDistance  
Warning  
Contact  
Warning  
Out of controlWake up from your sleep  
It's not a dream, it's not a dream  
And everything is out on a breeze  
It's good for meDistance  
Warning
