

Be With Me

Vast

You were standing in a dark club down in New Orleans
You were walking by a cafe on a Paris streetBe with me
Protect me from the darkness of the sun
Be with me

Right now I just need to be with someoneSaw you lying on the soft bed I had made for you
Words unspoken are the only words I know are trueBe with me
You are the flower in a desert sea
Be with me

Until the time to settle in with me, in with meBe with meSaw you laughing under the heavy London winter sky
Saw you disappear into the coldness of the morning lightBe with me
Protect me from the darkness of the sun
Be with me
Right now I just need to be with someone
Oh with someoneBe with me
Be with me
