Make It Home (Ridley's Siren Remix)

thenewno2

You can not wait any long time
Although you're gone maybe so right
I've been waiting so longJust to know if you made it home that night
Oh won't you let me know
If our bones made it home alright
I see what you doin'
What you doin', what you doin'
Nobody could show me
I see what you've done
Do what you do, do what you do
You're sitting there in the morning light
Ready to create your sunrise
You observe while others gonna touch the sky
Then pass each other like ships in the night
Won't you let me know, if you made it home that night
Oh won't you let me know
If our bones made it home alright
I see what you doin'
I see what you doin'
Nobody can show me
Everybody only
Do what you do
Everybody's on a dream
Darling won't you go where you want
Cause it's only me being lonely
Stay where you are
And I'll see you eventually
