Dream

Iration

You?re living out there, surrounded by blue
Lush green eyes, sand on your shoes
You?re home and I dream of you
Remember those times?
You could make a fantasy appear in real life
Every time I leave you now I have to think twice
And dream of you
And it?s true, there?s nowhere quite like you
It?s about time that you knew
You?re home and I?

Dream of you I dream
Dream of you I dream
Dream of you I dream
You?re home and I?

When I?m lost out there, you?re easy to find
I close my eyes, you?re in my mind
You?re home and I dream of you
December sunshine, the only memories are ones that make me feel fine
Just know we?ll be together when I see you in my dream of you

And it?s true, there?s nowhere quite like you
It?s about time that you knew
You?re home and I?

Dream of you I dream
Dream of you I dream
Dream of you I dream
You?re home and I?
