Forever Fallen

Bolt Thrower

Driven onwards
Past the point of no return
Into the unknown
Of lessons never learntTheir names - immortal
Remembered evermore
In memory of glory
Forever fallenStanding proud
Battles raging all around
Fading past
The revelations aboundAnger predominates the mind
Gathering all strength
Tenacity is foundHonour now forgotten
Fear lost inside
Despair no longer
At all wasted lifeTheir names - immortal
Remembered evermore
In memory of glory
Forever fallenNow forgotten - all thoughts of years gone by
Fallen forever - forever fallen
Life denied
