

# Shadowplay (Remastered)

## Fish

Hunched foetal in the corner of my soul  
My fingernails are bleeding from climbing up the wall  
This time you really hurt me right down to the core  
And I'm desperately trying to find a reason to forgive you for it all  
I saw your life as a shadowplay  
In a trance I was held by the shadowplay  
In the spell of the shadowplay  
From Celtic illumination  
I see the Celtic illumination  
The Celtic I never realized just how far we'd gone  
I turned around and all that I saw was distance  
Through an anger that burned every time  
That someone mentioned your name  
I should have noticed, should have read the signs  
We could have talked it out if there was a problem  
It wasn't obvious then  
But then it isn't really obvious now  
I saw your life as a shadowplay  
In a trance I was held by the shadowplay  
In the spell of the shadowplay  
From Celtic illumination  
I see the Celtic illumination  
The Celtic I could have changed I could have settled down  
I could have been whatever you wanted me to be  
If you gave me the chance  
But it seems that it's too late for that now  
I thought I knew you thought we had it made  
I'd thought it out, thought I had the answers  
After all is said and done  
The only thing I really know is your name  
I sit and wait for the shadowplay  
Let me in into the world of the shadowplay  
I'll follow you to the shadowplay  
Through Celtic illumination  
Give me the Celtic illumination  
Illumination  
If I'd only had the patience, if I'd only had the time  
If I'd only known the moment when you'd chosen to decide  
If I'd only ever listened, if you'd only ever asked  
If I'd known it was important, if I'd known it wouldn't last  
Run to the magic of, the magic of the shadowplay  
Run to the magic of, the magic of the shadowplay  
Run to the magic of, the magic of the shadowplay  
Run to the magic of, the magic of the shadowplay  
Maybe if I'd noticed, maybe if I'd tried

Maybe if I'd worked at it, it never would have died  
Maybe I was selfish, maybe I was blind  
Maybe I was in the wrong and you were in the right  
Run to the magic of, the magic of the shadowplay  
Run to the magic of, the magic of the shadowplay  
Run to the magic of, the magic of the shadowplay  
Run to the magic of, the magic of the shadowplay  
Could I have been a better man, was I really all to blame?  
Was it me that was the problem, was it me that dealt the pain?  
Did you never mean to hurt me, did you only try to show  
That you really, truly loved me, that together we're alone  
Run to the magic of, the magic of the shadowplay  
Run to the magic of, the magic of the shadowplay  
Run to the magic of, the magic of the shadowplay  
I see my life as a shadowplay  
All around is the magic of shadowplay  
In the world of the shadowplay is where I belong  
Where all that I feared is how it is and will be  
All that was hidden  
Now you will see  
All I could dream  
You'll find now is real  
All I could touch  
Now you can feel  
And the light that I follow  
Is where the madness will end  
Illumination, illumination  
Shine on, shine on, shine on.
