

I'll Keep Moving

Jedd Hughes

Tonight I'm driving, heading south
Got no reason to turn around
I'm always running, it's in my blood
Can't say goodbye fast enough I'll keep moving 'til I get somewhere
Keep believing there's something out there
I'll keep singing 'til I find my song
I'll keep moving, moving on People ask me why I'm so restless
Wasting my time jumping fences
I keep hoping there'll be a place
A piece of Heaven, until that day I'll keep moving 'til I get somewhere
Keep believing there's something out there
I'll keep singing 'til I find my song
I'll keep moving, moving on
