

# Dying Inside

Gary Barlow

How can I make sure no one notices me  
Don't want a conversation with nobody  
And it hurts too much to say how I feel  
What you don't know, is all I know  
How can I make sure that I fool everyone  
Gonna wear a suit and tie  
And put my bravest face on  
And it's far too deep to show you this wound  
No it won't heal no time soon  
Nobody knows what I'm going through  
I'm dying inside  
Who knows what I'm thinking  
What I'm trying to hide  
Yeah, I'm dying all night  
I'm breathing but I can't feel life  
I'm smiling but I'm dying inside  
How can I make sure  
I'm invisible  
I find just a simple phrase that may say it all  
Cause it's far too soon and not the right time  
What I've seen was for my eyes  
And how can I make sure  
No one worries for me  
Cause I don't need a helping hand  
And don't want sympathy  
Don't know what I need but know what I don't  
What you can't see it feels so broke  
That you can't see is how I'll cope  
Cause I'm dying inside  
Who knows what I'm thinking  
What I'm trying to hide  
Yeah, I'm dying all night  
I'm breathing but I can't feel life  
I'm smiling but I'm dying inside  
Want everyone around to think that I'm alright  
Hope they assume I've left the dark and found the light  
Want them to think that I don't cry myself to sleep at night  
ooh Yeah, I'm dying inside  
Who knows what I'm thinking  
What I'm trying to hide  
Yeah, I'm dying all night  
I'm breathing but I can't feel life  
I'm smiling but I'm dying inside
