

Oh Girl

The Jude

Oh girl you know
You're all I want in my life everyday
And I hope you know
If our lives change I'll love you
Just the same I love your eyes on a sunny day
Your auburn hair in the pouring rain
And I miss you girl every minute you're away
It's in the way you help me see
Don't ever lose your faith in me
I need you
I need you I love your eyes on a sunny day
Your auburn hair in the pouring rain
And I miss you every minute you're away
It's the way you help me see
Don't ever lose your faith in me
When I need you
No not when I need you
No no Oh girl you know
You give me hope when all my hope has failed
And I hope you know
I need you more when my heart
Is unveiled I love your eyes on a sunny day
Your auburn hair in the pouring rain
And I miss you every minute you're away
Oh the way you help me see
Don't ever lose your faith in me
I need you
Yeah I need you Oh girl you know
Oh girl you know I need you
C'mon yeah hurt me
Oh girl you know
C'mon pretty baby never gonna leave you Let me love you dear
I'll hold all your fears inside my heart
I know I could
Oh come inside
Won't you come inside and let it out Oh girl
Oh girl
Oh girl
