Davis

Step out, aching stepson
And you've fallen to the blue
Oh, I?m coming down for you
Step out, aching stepson
And I?ll lead you by the hand
And we?re falling to the blue
Oh, I?m coming down for you
But I?m falling, deeper down I go
And I?m falling, down grounds beneath the road
Down I?m falling, deeper down I go
And I?m falling, deeper down than I've known
And I?m falling, deeper down the shore

And I?m falling, as the rocks way down below
Step out, aching stepson
And you've fallen to the blue
Oh, I?m coming down for you
Step out, aching stepson
And I?ll lead you by the hand
And we?re falling to the blue
Oh, I?m coming down for you
Coming down for you
As the rocks way down below
Coming down for you
