

Peer Pressure (explicit album version)

Pretty Ricky

Can I put a little peer pressure on you
Are u ready, cause I'm ready,
Can I put a little peer pressure on you
Cause I know you want it, And I need itHow you doin' baby, lemme introduce me,
I'ma blue star from mi-am-I, I'm 5'3 attitude cocky,
You sweet like sugar honey,
Of course you gotta man what that gotta do wit me,
I see em ova there lookin' at me, I'm b-a-d b-a-d,
We can take it to the streets,
If he feel like putting pressure on ya,
I'll be there to protect ya,
Wit all my l-o-v-e, all my l-o-v-e you a p-y-t (pretty young thing)
And I ain't tryna set a wrong thing most boys only want one thing,
So let me ask you somethingCan I put a little peer pressure on you
Are you ready, cause I'm ready,
Can I put a little peer pressure on you
Cause I know you want it,
And I need itWhat's ya name, where you from, I see you alone,
Can I come sit wit you, I ain't tryna be a bugaboo,
But ya so fine, I had to bug ya boo, ain't the average Joe,
Beat it like the heat did the mavericks home,
I ain't never been pressured before,
Next thing I know you was moaning oh spec keep it so wet
Put you in a cold sweat headed to the toes next, baby girl I'ma put ya to the test,
I'll be yo teacher, yo platinum visa,
I'll be yo pimp you be my skeezer,
My pleaser, meet me at the four seasons for dis pressureCan I put a little peer pressure on you?
Are u ready, cause I'm ready,
Can I put a little peer pressure on you?
Cause I know you want it, And I need itFirst I met you at school, talking on the phone everything seemed cool,
You say u had a dude but oh it so rude,
Never did nothin' only got to base 2 tried to hit a home run but neva got through,
Like what they do, put you in the front seat of the coop and we could cruise,
Now baby girl you so pretty to me,
Now when we chill its like a beautiful symphony,
Now come vibe wit ya boy, lil' slick from 5 5,
Hop in the S five lets take a little ride
And see the city skies, go to papa johns split pie,
Now I'm 21 bout mines, and I know you 21

About yours, baby girl we can do dis fa sho,
But keep it on the down low of course Can I put a little peer pressure on you?
Are u ready, cause I'm ready,
Can I put a little peer pressure on you?
Cause I know you want it, And I need it Pressure, Pressure, Pressure for ya babe
