

I Ain't The One

Tyrese

Dark child
Two thousand watts
Are you ready?
Tyrese, dark child, yeah
Baby you tell me what you're used to
But there's certain things I don't do
So when you thinking I'm gonna trick on you
I dunno what gotten into you, baby
'Cause I never bought a diamond
And I never took you shopping
And I ain't gonna start right now
I'm sorry that not the way I get down, no way
Baby I don't know, who you have played before
But baby it'll never be me
I'm not the one that you be playing, no
Baby I don't know, what you have heard before
And all the things you heard about me
I hope I didn't let you down, baby
Baby, baby I ain't the one
To get your hair and nails done
Girl, I'm not about to buy you everything
Like material things, shopping sprees
Baby that ain't me
Baby, baby I ain't the one
To get your hair and nails done
Girl, I'm not about to buy you everything
Like material things, shopping sprees
Baby that ain't me
Girl you said that were big on me
But all you big is on is my money
And baby girl, I'm on to you
And it's a shame 'cause I was digging you
Baby, if you wouldn't have to see me
You would've almost been my baby
But baby check it, I'm cool on you
Now can you tell me who's playing you
Baby I don't know, who you have played before
But baby it'll never be me
I'm not the one that you be playing, no

Baby I don't know, what you have heard before
And all the things you heard about me
I hope I didn't let you down, my baby
Baby I ain't the one
To get your hair and nails done
Girl, I'm not about to buy you everything
Like material things, shopping sprees
Girl that ain't me
Baby, baby I ain't the one
To get your hair and nails done
Girl, I'm not about to buy you everything
Like material things, shopping sprees
Baby that ain't me
Baby, baby I ain't the one
To get your hair and nails done
Girl, I'm not about to buy you everything
Like material things, shopping sprees
Baby that ain't me
Baby, baby I ain't the one
To get your hair and nails done
Girl, I'm not about to buy you everything
Like material things, shopping sprees
Baby that ain't me
Baby you don't have a clue
How much I'm really feeling you
I'm willing to do anything
But spending all my money ain't cool
Girl that just ain't cool
It's not about material 'cause money never buys you love
It won't be buy you love
I never wanted anything except a little bit of your trust
All the trips around the world, girl that ain't me
All the diamonds and the pearls don't come easy
Not trying to buy your love, with luxuries
Baby all I want, is you to be with me
All the trips around the world, girl that ain't me
All the diamonds and the pearls don't come easy
Not trying to buy your love, with luxuries
Baby all I want, is you to be with me
Baby, baby I ain't the one
To get your hair and nails done
Girl, I'm not about to buy you everything
Like material things, shopping sprees
Baby that ain't me
Baby, baby I ain't the one

To get your hair and nails done
Girl, I'm not about to buy you everything
Like material things, shopping spree
Baby that ain't me
Baby, baby I ain't the one
To get your hair and nails done
Girl, I'm not about to buy you everything
Like material things, shopping spree
Baby that ain't me
Baby, baby I ain't the one
To get your hair and nails done
Girl, I'm not about to buy you everything
Like material things, shopping spree
Baby that ain't me
Baby, baby I ain't the one
