

Don't Cry To Me (Chinese Man Remix)

Dafuniks

Listen baby, I need to tell you my heart,
I mean I don't mean to be mean but if I'm cruel I'm sorry just let me start,
I'm getting tired the way you skating the day to day,
The faking, the making moves, the making rules, the making a fool outta me,
But not for long I changed up my song, I changed up the rythm,
the drama's forgotten, but no, not forgiven,
I'm thinking that maybe you don't know the way that I flow,
Won't take it if you faking the funk I let you go,
So baby don't you play with my heart,
I fell in love with you right from the start,
So don't go breaking up and up, falling apart,

Baby, you can cry if you want to but you better not cry to me
Baby, you can cry if you want to but you better not cry to me
Baby, you walked out so don't come crawling back to me
Baby, you can cry if you want to but you better not cry to me

See it's the bang bang boogie, sit up, jump the boogie,
To the rythm of the boogie that be,
Now what you hear is not a test get out girl and hit that street,
See you was running my money thinking you running my game,
This ain't no desperate housewives, you acting insane,
These dollars are sent to spent quicker than I make 'em,
You're motivated to use 'em, I'm motivated to save 'em,
You don't really love me you love my credit card,
So when I tell you to leave it ain't that hard,

Baby, you can cry if you want to but you better not cry to me
Baby, you can cry if you want to but you better not cry to me
Baby, you walked out so don't come crawling back to me
Baby, you can cry if you want to but you better not cry to me

I gave you everything you ever wanted and ever needed,
Defeated your fears and gave you my ears and dried away your tears,
And now you're looking at me like you don't know my name,
Like I didn't hold your hand when you walked through the flame,
Like I didn't pay the price when I was bearing your shame,
You 'bout to get, forget it girl, you take 'em home quick
This rope I won't fit it, this life I can't live it,
Nope I can't spend it, forget it, no humpback with it,

I'm just tired of another step, I'm tired of it,

Baby, you can cry if you want to but you better not cry to me

Baby, you can cry if you want to but you better not cry to me

Baby, you walked out so don't come crawling back to me

Baby, you can cry if you want to but you better not cry to me
