Talk It Out

Jls

Baby, ain?t no way I?m walkin out
No matter how long it takes, let?s talk it out
If you know the way to fix it girl then please just show me how
Baby, can you tell me what?s this all about?
Everybody?s so quick to give it up
Throwin in the towel and forgetting love
Why don?t we just invest a little time
Go ahead, let me know what?s on your mind
Talking crazy, there?s no meanings
Don?t you see? You?ve had enough
Dedicated to you baby
I just wanna know what?s up
Some may say things never change
But I believe in love
Baby, ain?t no way I?m walkin out
No matter how long it takes, let?s talk it out
If you know the way to fix it girl then please just show me how
So baby, can you tell me what?s this all about?
Let?s talk it out
Oh oh oh oh
I said we?ll work it out
Oh oh oh oh
Apologized for all the mistakes I made
But it takes two, counting it up to fate
We gotta be willing to do whatever it takes
Cause I ain?t letting no one else come take my place (talk it out)
Talking crazy, there?s no meanings
Don?t you see? You?ve had enough
Dedicated to you baby
I just wanna know what?s up
Some may say things never change

But I believe in love
Baby, ain?t no way I?m walkin out
No matter how long it takes, let?s talk it out
If you know the way to fix it girl then please just show me how
So baby, can you tell me what?s this all about?
Let?s talk it out
Oh oh oh oh

I said we?ll work it out
Oh oh oh oh
Oh, do you know? (do you know?)
I don?t ever want you to tell me
Oh, do you know? (do you know?)
You?re the only one I need
I don?t wanna have regrets
In a fight we both could lose
So I?m taking steps to get closer to you
Baby, ain?t no way I?m walkin out
No matter how long it takes, let?s talk it out
If you know the way to fix it girl then please just show me how
So baby, can you tell me what?s this all about?
Let?s talk it out
Oh oh oh oh
I said we?ll work it out
Oh oh oh oh
Let?s talk it out
Oh oh oh oh
Let?s work it out
Oh oh oh oh
I said we?ll work it out
Oh oh oh oh
Let?s talk it out
