Middle Finger To the World

Upon a Burning Body

Upon a Burning Body
Middle Finger to the SkyMiddle finger to the world
middle finger to the worldAll this time
instead of living in a dream world
you said i wouldn't (no), I couldn't (no), I shouldn't (no)Said i was left behind
and need to stay alive
but I'm not like you
I'm one of a kindI got a problem with authority
so proving you wrong is a priority
you said i didn't have the voice
so now I'm making noise
and with a rebel yell we cry more, more, more
(Don't look back anymore)
The blessings of the retched heart
like the penance from the bastard gods
(don't look back anymore)
the blessings of the retched heart
never, neverI thought you weren't supposed to be the closest
or the furthest from me
I'm not a victim of jealousy
and talking all that shit will get your head split
I don't give a fucki see what i want and i take it
you're just a bitter pawn of my creation
still think my singing is out of line
can you see this crowd
i think I'm doing just fine
And with a smile on my face
I got a middle finger to the world
and another one just in case
(move)Middle finger to the world
middle finger to the worldFight fire with fire where the odds are stacked
fight fire with fire and don't look back(Don't look back anymore)
The blessings of the retched heart
like the penance from the bastard gods
(don't look back anymore)
the blessings of the retched heart
never, neverDon't look backI'll fight fire with fire
with the odds all stacked
what would you know about hurt

what would you know about death
what would you know about death
(fight fire with fire, fight fire with fire,
fight fire with fire, fight fire with fire,
fight fire with fire, fight fire with fire,
fight fire with fire, fight fire with fire)
