Forbidden Love

Jim Verraros

You're makin' me crazy, baby
I can't figure you out buy maybe
Make up your mind, tell me what you wanna do
I wanna groove and move right next to you
Close your eyes as my hands are on your hips
Hips, lips, fingertips, let it rip
Give it to me, give me your love
You like it soft but let me show you rough
We're gettin' closer, can you feel it?
Can you handle it, can you take this?
It's gettin' hotter, gettin' hard to breathe
What you got, I want and I need
Forbidden love
(Such a dangerous game)
(Do you want to play?)
Forbidden love
(Buy you know I got to play)
(In every single way)
Forbidden love
(We can dance the night away)
Forbidden love, forbidden love
Come on baby, let your body go
I wanna take you down right to the floor
Bodies shakin', love that move you're making
You're breakin' me, you've taken me
I can feel your eyes weighin' me down
Turn around 'cause you don't make a sound
Follow me just take my hand
Don't try, I'm gonna make you understand
Holdin' you closer, holdin' you tighter
It's gettin' hotter, let's make a fire
Your body's burnin' love, let's turn the music up
I got a thirst and I can't get enough
Forbidden love
(Such a dangerous game)
(Do you want to play?)
Forbidden love
(Buy you know I got to play)
(In every single way)

Forbidden love
(We can dance the night away)
Forbidden love, forbidden love
Necesito muy bien
No estas enloqueciendo
Te necesito, dame lo, dame lo
Quiero sentir tu cuerpo, yeah
Come on baby, let your body go
I want to take you down right to the floor
Bodies shakin', love that move you're makin'
You're breakin' me, you've taken me
Come on baby, let your body go
I want to take you down right to the floor
Bodies shakin', love that move you're makin'
You're breakin' me, you've taken me
Forbidden love
(Such a dangerous game)
(Do you want to play?)
Forbidden love
(Buy you know I got to play)
(In every single way)
Forbidden love
(We can dance the night away)
Forbidden love, forbidden love
Forbidden love
(Such a dangerous game)
(Do you want to play?)
Forbidden love
(Buy you know I got to play)
(In every single way)
Forbidden love
(We can dance the night away)
Forbidden love, forbidden love
You're makin' me crazy, baby
Make up your mind; tell me what you wanna do
Come on baby, let your body go
