What Am I Worth

George Jones

I know momma loved me
I reckoned that dad
Thought I was a pretty good kid
I've been blamed but I'm not ashedOf a couple of things I did
I learned the golden rule
Before I started to school
Like every little young should doBut what am I worth on God's great earth
If I'm not worth nothing to you
What am I worth here on earth
Darling, if I can't have youI just can't find no peace of mind
With anything that I do
I don't know why you made me cry
Honey, won't you give me a clueWhat am I worth on God's great earth
If I'm not worth nothing to you
I might get sent to be president
If I'm sure I could do it for youThey would feature my face all over the place
For all the good thing I do
I might get my name in the hall of fame
Or even in the book of who's whoBut what am I worth on God's great earth
If I'm mot worth nothin' to you
What am I worth here on earth
Darling, if I can't have youI just can't find no peace of mind
With anything that I do
I don't know why you made me cry
Honey, won't you give me a clueWhat am I worth on God's great earth
If I'm not worth nothing to you
