

General Warning

Chore

It shows
In your eyes
I see pictures; your disguise
They hurt me
They hurt me

Well I see
With two eyes
What you're doin' to me
And it hurts me
It hurts me

What you're doin'
What you're doin' wrong

Well I lost
All my friends
And they hate me
But I don't
Don't hate them
They would hang me

What I'm doin'
What am I doin' wrong?

I will stand by myself
And hope tomorrow won't be the same

But it will
And I know
That we'll do it all again
And it hurts me
It hurts me

What you're doin'
What am I doin' wrong?
