Masked Intruder

I know you would be better off without me
But I'm not gonna lie
If I had a wish, sorry if it's selfish
But I would wish for you and I to be together forever and ever
To be together till the stars burn out
You didn't have to say you don't feel the same way
I already knew
If that won't never change, sorry if it sounds strange
But I still hope that me and you can be together forever and ever
To be together till the stars burn out
To have, to hold until we both grow old
To be together till the stars burn out
To be together forever and ever
To be together till the stars burn out
To have, to hold until we both grow old
To be together till the stars burn out
Till the stars burn out
To be together forever and ever
To be together, you and I
To be together forever and ever
To be together, you and I
