Desperate Measures

John Mclean

Gonna make a heart throb out of me
Just a bit of minor surgery
These desperate times call for desperate measures
I'll give you something to cry about
Show some skin, and would be cache
How could you let this get to desperate measures now?

For a first effort this,
Feels kinda last ditch
I guess this just
Got kinda drastic
Trust us you just fell off the bus, baby

I can't let this, I can't let this go

When I got you right where I want you
I been pushing for this for so long
Kiss me, just once, for luck
These are desperate measures now

I can't let this, I can't let this go

Have a piece of American dream
Open up, and swallow, on your knees
And say "Thank you"
I'd like some desperate measures, please

For a first effort this,
Feels kinda last ditch
I guess this just
Got kinda drastic
Trust us, you just fell off the bus, suckers
Yeah, well, payback is a mother fucker

I can't let this, I can't let this go

When I got you right where I want you
I been pushing for this for so long
Kiss me, just once, for luck

These are desperate measures now

I can't let this, I can't let this go

Go Forever, for worse, or better
My poor heart will only surrender
Go forever, for worse, or better
My poor heart will only surrender, now

I can't let this, I can't let this go

When I got you right where I want you
I been pushing for this for so long
Kiss me, just once, for luck
These are desperate measures now

I can't let this, I can't let this go

When I got you right where I want you
I been pushing for this for so long
Kiss me, just once, for luck
These are desperate measures now

I can't let this, I can't let this go
