

# God's Sure Good

Dr. John

Advisory - the following lyrics contain explicit language:

Gods been good to me  
better than me to myself  
saved my soul when it was all I had to sell  
taught me a lesson  
brought me a blessing  
God don't be guessing  
He sure dont  
He showed me how  
to live and let live  
Im so thankful  
for the breath of life He gives  
a better way, a better day  
God knows I'm okay  
God's sure good  
God's sure good  
God's sure good  
God's sure good  
So I listen to  
His still small voice  
I believe I made  
the perfect choice  
surely every lesson  
bring a blessing  
God got me confessing  
he sure enough do  
Showed me how  
to live and let live  
and I'm so thankful  
for the breath of life He gives  
a better way, a better day  
God knows I'm okay  
God's sure good

God's sure good  
God's sure good  
God's sure good  
Gods been good to me  
better than me to myself  
picked me up, opened the gates of hell  
made me well, taught me a lesson  
brought me blessing  
God don't be resting  
He showed me how  
to live and let live.  
and I'm so thankful  
for the breath of life He give  
a better way, a better day  
God knows I'm okay  
Mmmm  
God's sure good  
God's sure good  
God's sure good  
God's sure good  
Mmmm  
When times was so hard  
I could lean upon my God  
but Gods so good to me  
Gods so good to me  
my sweet Lord  
take me away  
I wanna thank you God
