Come Home

Tonight Alive

Spinning around Iâ€™m weightless
Leaving it now just taste it
Itâ€™s begun
Weâ€™ve come undone now
Spinning and I am free here
Giving it all to be here
Iâ€™m the one
Will touch this sun

Oh oh oh oh oh
Oh oh oh oh oh
Weâ€™re so close
Oh oh oh oh oh
Donâ€™t let go

Well if you came home
You already know
That I would be waiting
Cause I have been praying
For you to stay close
Under the light of the full moon (Whoa)
And if you canâ€™t stay
Iâ€™ll wait for the day
When you can be all mine
Stay up with you all night
So donâ€™t run away
I am your light, I will guide you home (Whoa)

Taking a step back wishing
That you never left
Iâ€™m missing you so bad
Youâ€™re the best thing,
The best thing I ever had
Packing my bags Iâ€™m hoping
You still feel the same
And holding on like glue
'Cause the one thing,
The one thing I need is you

Oh oh oh oh oh

Oh oh oh oh oh
Weâ€™re so close
Oh oh oh oh oh
Donâ€™t let go

Well if you came home
You already know
That I would be waiting
Cause I have been praying
For you to stay close
Under the light of the full moon (Whoa)
And if you canâ€™t stay
Iâ€™ll wait for the day
When you can be all mine
Stay up with you all night
So donâ€™t run away
I am your light, I will guide you home (Whoa)

So let me take you back
To the night we had
Laying under the light of the full moon
And I would give anything
To be there with you

Spinning around Iâ€™m weightless

Well if you came home
You already know
That I would be waiting
Cause I have been praying
For you to stay close
Under the light of the full moon (Whoa)
And if you canâ€™t stay
Iâ€™ll wait for the day
When you can be all mine
Stay up with you all night
So donâ€™t run away
I am your light, I will guide you home (Whoa)
