

All My People (feat. Manilla Maniacs)

Alexandra Stan

Sometimes I feel you on my body
You make my head spin It's like somebody got inside me
Dancing under my skin All my people
All my people
Know everything about you
But all my people
All my people
Didn't know that I mean to you I think this virus got my baby
I need a doctor for my baby
He's gon bad he's gon bad he's gon bad he's gon bad Sometimes I feel you on my body
You make my head spin It's like somebody got inside me
Dancing under my skin All my people
All my people
Know everything about you
But all my people
All my people
Didn't know that I mean to you Thank all my people
Dancing as I sing
Everybody's moving to the rhythm that I bring
Sing all my people dancing as I sing
Everybody's moving to the rhythm that I bring Im watching you dancing
Im out of control
Cause I see right through me
He's staring into my soul And all the people you knew they didn't know about you All my people
All my people
Know everything about you
But all my people
All my people
Didn't know that I mean to you All my people
All my people
Know everything about you
But all my people
All my people
Didn't know that I mean to you All my people
All my people But all my people
All my people All my people
All my people
Know everything about you
But all my people

All my people
Didnt know that I mean to you
