

# Hello My Hate

## Black Veil Brides

I don't wanna be!  
Hello my love, well good riddance and farewell to you.  
This marks the day we met on your terms.  
Hello my hate, well this marks the day I killed you.  
So cuddle, make your bed, we broke the ice...your only dead and..  
I don't wanna be!  
Another dead-weight victim of love tragedy and  
I don't wanna be!  
Another "look like James Dean" punk trippin' sanity and  
Another straight edge poser preachin'  
Lets be smoke free!  
Cause all I wanna be!  
Is another "who cares" "shot dead" kid, I'm going down, down, down!  
I am your hate, you are my love, I am your lust, you are my lovedrug.....  
the one that cures me.  
Hello my hate, well this marks the day I killed you.  
  
So rest in peace, you made your bed...quit haunting me your only dead!  
I don't wanna be!  
Another dead-weight victim of love tragedy and  
I don't wanna be!  
Another "look like James Dean" punk trippin' sanity and  
Another straight edge poser preachin'  
Lets be smoke free!  
Cause all I wanna be!  
Is another "who cares" "shot dead" kid, I'm goin down, down, down!  
[Solo]I don't wanna be!  
Another dead-weight victim of love tragedy and  
I don't wanna be!  
Another "look like James Dean" punk trippin' sanity and  
Another straight edge poser preachin'  
Lets be smoke free!  
Cause all I wanna be!  
Is another "who cares" "shot dead" kid, I'm goin down, down, down!
