

For the Swarm

Avatar

Gotta go to work, work, work, work, gotta work
Gotta go to work, work, work, work, gotta work
Gotta go to work, work, work, work, gotta work
Busy, busy, there's so much to do hereGotta go to work, work, work, work, gotta work
Gotta go to work, work, work, work, gotta work
Gotta go to work, work, work, work, gotta work
I must flySunny day begin
Souls in them all
Found it really good
Thousand knights unsee the sinGotta go to work, work, work, work, gotta work
Gotta go to work, work, work, work, gotta work
Gotta go to work, work, work, work, gotta work
Busy, busy, there's so much to do hereGotta go to work, work, work, work, gotta work
Gotta go to work, work, work, work, gotta work
Gotta go to work, work, work, work, gotta work
I must flySunny day begin
Souls in them all
Found it really good
Voices unheardSunny day begin
Souls in them all
Found it really good
A thousand voicesFor the swarm (for the swarm)
For the swarm (for the swarm)
For the swarm (for the swarm)
For the swarm
