

When The Lights Go Out

Bombs and Bottles

(Verse 1)

No time to waste, your bodies talking
It's on your face, I can read girls
Don't crawl away, you know I want it
Take off that dress, and throw it on the chair
Come here, and put your body on the table
Come here, and give me everything I played for(Hook)
And everything you want
I'll give you in the dark
When the lights go outLose Yourself
Lose Yourself
Lose Yourself
Lose Yourself(Verse 2)

Tear up the place, no shame in fucking
It's just a mess, we'll clean tomorrow
Submit to me, i'll take you higher
Bite on the sheets, I need you toCome here, and put your head into the pillow
Come here, and i'ma give it to you mental(Hook)
And everything you want
I'll give you in the dark
When the lights go outLose Yourself
Lose Yourself
Lose Yourself
Lose Yourself
