Light Up Gold I

Parquet Courts

Twice in. comes knocking on my door
She's spinning in a... fashion gazing before
Sparkling recognition is to threw the dice first but
I don't think of something
Where is the curse because
Chorus:
Light up gold was the colour of something I
Was looking for
Light up gold was the colour of something I
Was looking for
Steady was the pace that we're not doing this way.in the rivers from a. field
Trying over something warm and real because
Chorus:
Light up gold was the colour of something I
Was looking for
Light up gold was the colour of something I
Was looking for
Yeah light up gold was the colour of something I
Was looking for
Light up gold was the colour of something I
Was looking for
