

Safe

Dumbfoundead

[Intro: Dumbfoundead]

You took me as safe

That was your first mistake

Who said I was safe[Verse 1: Dumbfoundead]

The other night I watched the Oscars

And the roster of the only yellow men were all statues

We a quarter of the population

There's a room of fuckin' 1 percenters laughing at you

Fuck a bamboo ceiling, guess I gotta play the villain

ODB up at the Grammys on the mic

Like "Wu-Tang is for the children!"

Bruce Jenner is woman

OJ was acquitted

Kim K is a hero

The sky is the limit, any minute now

They gonna let an Asian brotha' get a lead role

Shots fired I'm a reload, never saw this side of Chino

He was always quiet keeping to himself

Never messed with anybody else

That's the Jonathan that we know[Hook: Dumbfoundead]

Seems so safe, till one day things go cray

I swear if things don't change

My actions can't be blamed, (STAND UP!)

And now you gotta duck!

You know you never gave a fuck!

I came to get my cut! (fuck you, pay me)

You know I never gave a fuck![Verse 2: Dumbfoundead]

I ain't never heard of none y'all fools

I can do whatever every one of y'all do

If I never get a chance

You might see the homie show up on the 5 o' clock news

You ain't never seen a yellow boy wild'n yellow boy shinin', Sound the alarm I got news

Go ahead and pro-file em' I ain't pro-violence

Shhhh, silence is how yellow boys move

Its been the same ol' thang, I swear the game don't change

What you talking bout there ain't no space

Guess i gotta go and make more space

You know I'm cool as a motherfucker

Chillin' in the cut hella quiet with the loud pack

Since I'm a cool motherfucker
You think everything is safe till I ask you where the safe at![Hook: Dumbfoundead]
 Seems so safe, till one day things go cray
 I swear if things don't change
 My actions can't be blamed, (STAND UP!)
 And now you gotta duck!
 You know you never gave a fuck!
 I came to get my cut! (fuck you, pay me)
You know I never gave a fuck![Outro: Dumbfoundead]
 You took me as safe
 That was your first mistake
 Who said I was safe
