Stop Dat

Dizzee Rascal

Stop dat, start dat, get dat, wah
Been der, done dat, had dat, wah
He's got a Nokia, take dat, wah
Big mouth, loud mouth watch dat, wah
Pretty girl, buff girl, doggy, dat, wah
Dizzee Rascal's on da format, wah
Bad manners, get a backslap, wah
I call da shots like top cat, wah
Track and stack, whores done dat, wah
I'm a rude boy, done prove dat, wah
Boy in da corner, I'm dat, wah
New-school lyrical bow-cat, wah
Best friend, sole mate, wats dat? Wah
Girlfriend, wifey done dat, wah
Jeet Kune, do we know dat? Wah
Dedication, we show dat, wah
Chuckin' MC's like stones
Bad boy forever like Sean Puffy Combs
Inside, outside, runnin' all zones
Set trend, get girls like Tom Jones
Brake bones, brake your house, wifey's home
Yesa his wifey, don't leave me alone
Dat boy's arrogant, send for da chrome
Come bare-foot like Fred Flinstone
You got a big gun? Come bring it out
Butterfly-knife, come along, fling it out
We could jus do it, old school, swing it out
I suggest you best start winging out
Who's dat? Wat's dat, boy in my eye?
Yea man, quick man, start spreadin' out
Kidnapped, takin' rascal's hideout
Cold sweat, tie you up, get burnt out
Boys, girls, start movin'
Come on, girls, boys, start movin'
Alright, don't stop, don't stop, till it's hurtin'
Come on don't stop, don't stop, till your bleedin'
Alright boys, girls, start your ting'
Come on, girls, boys, start your ting'
Alright, don't stop, don't stop, till it's hurtin'

Come on don't stop, don't stop, till your bleedin'
Alright, boys, girls, start movin'
Come on, girls, boys start movin'
Alright, don't stop, don't stop, till it's hurtin'
Come on don't stop, don't stop, till your bleedin'
Alright, boys, girls, start your ting'
Come on, girls, boys start your ting'
Alright, don't stop, don't stop, till it's hurtin'
Come on don't stop, don't stop, till your bleedin'
Alright!
Got a screw face, all night all day
Screw face keeps fellaz at bay
Screw face means keep well away, stay away
Screw face means get out my way
Screw face means you don't know me
What you lookin' at what's your beef
Screw face means I'm not havin' it
Screw face means I'm not a chief
Screw face means I'm not happy right now
Dat's why no smile was used
Screw face means I'm not pleased
Screw face means I'm not amused
Screw face means I jus wanna walk not talk
Screw face means I jus wanna leave
When I activate my screw face, gimme space
Screw face means let me breathe
I got sick flows
Make an MC have to walk on his tip-toes
Life ain't always nice
That's how shit goes
You know we're goin' on black
'Cause we're black crows
And I can't be seen wit these sick hoes
We're bustin' us mic till your chick goes
You are not, not gonna be
Till we kick toes
Your girl's the same as all
Bimbo's, freak's and nimpho's
I got an idea, make dough on the spot
I mean right here
Nike Air girls, up in for da whole year
You can bring drama 'cause I don't know fear
I'm violent, feels so clear
Move to the mic, Mc's are like, oh, dear
Some cat catchin' me up but they're not near

Not ever, not now or not here, way too hot here
Look, yo girls, ladies
Do da butterfly, shake your battie low
Shake your battie high
Don't ask me who, where, when or why
Wanna see a battie raise high to da sky
Look, yo girls, ladies
Do da butterfly, shake your battie low
Shake your battie high
Don't ask me who, where, when or why
Wanna see a battie raise high to da sky
