

# Elevated

## Wiz Khalifa

[Hook]

Scared money don't make money, so what you scared for?  
And real people do real things, so what you waiting for?  
A stand up nigga stand up the rest of their lives (Yeah)  
And real G's do what they want, don't ever think twice[Verse 1]  
Uh, it go, one for the money  
Two for the niggas gettin' it  
Three for the niggas that be running from it  
You gotta grind if you really want it  
Don't hesitate  
You came this far now finish out your whole dream  
Nobody said it'd be easy though, just stick to your plan  
They don't understand  
Going up against the odds  
Having no regards  
Make our own laws, you can be your own boss  
But they don't tell you that all you need is a foundation to stand on  
And you can build it then the limit is the sky  
Until then I'm with my niggas getting high  
And plus we with it you all know the business[Hook]  
Scared money don't make money, so what you scared for?  
And real people do real things, so what you here for?  
A stand up nigga stand up the rest of their lives  
And real G's do what they want, don't ever think twice[Verse 2]  
Oh what did you think I would never get another M?  
Niggas in the game cause we let 'em in  
We ain't check they chains  
We ain't put 'em on blast and expose them fools for everything  
We ain't tell you how they really lames  
And that they don't do shit that they get on TV and say  
We ain't mad though, we on the coast of France for three days  
I'm tryna make a play, marijuana steam sauna  
Young nigga from the bottom cracking lobster, eating pasta  
You would think that he a mobster  
La Familia, you are not familiar  
Just got a bigger safe, now it's time to fill up, nigga
