When We Two Parted

The New Amsterdams

Baby, I see you've made yourself all sick again
Didn't I do a good job of pretend?
Baby, you're saying that the victim doesn't want it to end
Good, I get to dress up and play the assassin againIt's my favorite, it's got personality
I should have seen this shit coming down the hall
Every night, I spent in that bed with you facing the wall
If I could have only once heard you screamTo feel you were alive
Instead of watching you abandoning yourselfBaby, you can open your eyes now
And please allow me to present you with a clue
If I inflict the pain
Then baby, only I can comfort you, yeah
