

# When We Two Parted

## The New Amsterdams

Baby, I see you've made yourself all sick again  
Didn't I do a good job of pretend?  
Baby, you're saying that the victim doesn't want it to end  
Good, I get to dress up and play the assassin again It's my favorite, it's got personality  
I should have seen this shit coming down the hall  
Every night, I spent in that bed with you facing the wall  
If I could have only once heard you scream To feel you were alive  
Instead of watching you abandoning yourself Baby, you can open your eyes now  
And please allow me to present you with a clue  
If I inflict the pain  
Then baby, only I can comfort you, yeah
