

Take Away the Colour (F.O.S. Vocal Dub)

Ice MC

One, and a two, and a three, and a four
It is I, man, I come and I knock on your door
You'd better let me in cause I full a fashion and
I come with a little rhythm fi make you dance onIna the club and ina the party
Everybody dance, they're feeling harty
Whiggle your body and wave your hands and
Jump around ina style and pattanaWhether you're black and whether you're white
When you're ina the party you fi feel allright
Bassline pumpin', gyal them jumpin'
Everybody in the party lookin' for somethingSome of them a look this, some of them a look that
Some a look gyal and even some of them a look man
Level vibration they're ina the dance, so
Come crowd and people, just jump and pranceTake away the colour, erase away the pain
Let's all live together, we're all the same
Open up you hearts and open up your minds
Free to be as one, just about that timeI to the see to the E to the M to the see
I see come crowd and people follow me
With the rhythm and the way that we whiggle and me wine
With the words make you dance and move you behindSo wipe you farrid if you'ead a sweat an
Drink a beer and find the action
In the vicinity you have the ability
Dash away the coke and dash away the ecstasy
