Lady With The Red Dress

Snow

Started at the very second as she turned her head
I looked deep into her eyes
Caught a vision of love
(Caught a vision of love)
She was all so fine and all so sweet
I had to find a way to make her mine
(Gotta make her, gotta make her mine)
I stepped off to her very smooth
Hopin' that she would approve
Now's the time to make my move
(Now's the time to make my move)
I said, "Hello" she said, "Goodbye" and walked away
I don't wanna give up I'm hooked on you
I wanna know well if it's really love or infatuation
The way I feel about you
Lady with the red dress on
I love to be your man
(I wanna be your man)
And take you into my world, ski dum dum
Hey I'll show you lots of surprise
And make you hypnotized
And then you will be my girl
Lady with the red dress on
I love to be your man
(I wanna be your man)
And take you into my world, ski dum dum
Hey I'll show you lots of surprise
And make you hypnotized
And then you will be my girl
I was off to her very smoothly
Hopin' that she would approve me
Now's the time to make my move
(Now's the time to make my move)
I said, "Hello" she said, "Goodbye" and walked away
I don't wanna give up I'm hooked on you
A little lady with the lady with the red dress
I don't know who you are but then I'm really impressed
Let's discuss it over dinner and wine
I have a million different ways for us to unwind girl

I just wanna bring out the romance in you
Don't get me wrong you're the song I'm dancin' to
And no reply all she added was jest
Me I go find another lady with the red dress on
Lord have mercy, Lord have mercy, Lord have mercy
Lord?
Lady with the red dress on
I love to be your man
(I wanna be your man)
And take you into my world, ski dum dum
Hey, I'll show you lots of surprise
And make you hypnotized
And then you will be my girl
Lady with the red dress on
I love to be your man
(I wanna be your man)
And take you into my world, ski dum dum
Hey, I'll show you lots of surprise
And make you hypnotized
And then you will be my girl
Lady with the red dress on
I love to be your man
(I wanna be your man)
And take you into my world, ski dum dum
Hey I'll show you lots of surprise
