

Boogie Blues (w/ Gene Krupa)

Anita O'Day

Don't the moon look lonesome shinin' thru the trees?
Don't the moon look lonesome shinin' thru the trees?
Don't your arms look lonesome when your baby back's up to leave?
Well I'm goin' up on the mountain to call that baby of mine
Said I'm goin' up on the mountain to call that baby of mine But something tells me he's not coming back this
time Would like to go to the country can't take you
I'm goin' up to the country can't take you
Nothin' up there a man like you could do He's got fins like a fish
Sheep like a frog
