

Stray

Rndm

Sing your song
And sing it for me
And I won't stray
No I won't stray Love is real
And I love you
So I won't stray
No I won't stray Hold, hold on
You have so much to live for
So please, don't stray
And please don't stray Peace and love
Are not cheap ideals
So let's make love
And let's make peace
And I won't stray
No I won't stray
